Rubber and small electric powered models.

**Indoor Aviation Show & Tell**

Dalton, aka "Shorty", has set up a "show & tell" aviation event at the Madison Elementary School for a presentation to the students at 1:00 PM on April 27<sup>th</sup>. In addition to speakers regarding the hobby, we also plan to have an active demo of small indoor planes like the Vapor. Our time in front of the students will be limited to an hour or so. Should be fun and I plan on participating. ~ Joe

**Fun Fly & Swap Meet**

Put this date on your calendar! Saturday, June 27 at Whispering Pines (No. Anson) Please bring your own tables and we are hoping to arrange for a suitable number of EZ-Ups. More information can be had by contacting Shorty Poulin.

**Dean, Isaiah, and Bob at Whispering Pines**

I received a number of photos from Dean's daughter, Wendy. Some are of Dean, Isaiah and Bob flying from snow this March and others are of Dean's new Seamaster II and a Little Rascal float plane finally finished and is powered by .15 engine. He has finished painting the SM-II and is now getting ready to install the electric motor and associated controls.

## Indoor Flying and Other News

This event is still going strong with a good variety of aircraft taking to the air. Matt brought along his new mini helicopter and did a great job flying that. Sandy has flown his Ornithopters to great acclaim and is trying his hand at endurance rubber flying. Of course, Wayne and Bob continue to wow the group with their 3-D models. And Roland has entered this arena with his Arrow. A great flying foamy and I have one also. This type of indoor flying does improve your overall skill level.

We picked up two new FCAM members at the last event when our meeting was held in conjunction with the indoor event. You are all familiar with Bob Chapman as he has joined us at a number of our events for the past few years and flown helicopter demos when requested. Alexander 'Sandy' Turbyne has been flying at the indoor events for this past season. Both are long time members of KVMA.

The April sessions will most likely be the last for this spring. Hopefully, the weather will improve enough for us to take our flying outdoors. And float flying season is just around the corner. Flying sailplanes have become a hit at KVMA since Bob fitted out his Kadet Sr. with a launch system. Hopefully, we can give them a go at some of the FCAM fields. Many of the KVMA members that fly them have dual membership in both clubs.
